

Bachelor of Arts Program

Highlights:

- ◆ **COMMUNITY BASED OPTIONS**
- ◆ The programs in the Faculty of Arts require a minimum of three full years of work.

- ◆ BA's are designed to acquaint the student with a broad range of thought in the liberal arts. A distribution of subjects among several related fields of knowledge is joined with a measure of concentration in one subject, called the major. Lakehead University and Seven Generations Education Institute offers a Major in Indigenous Learning.

- ◆ A student not wishing to follow the traditional Bachelor of Arts program with a major, may enter the General Program, which allows a student more latitude in choosing subjects. The intent is to permit the student to take any variety of courses with a minimum of restrictions.

- ◆ **Receive a Bachelor of Arts Degree through an Articulation Agreement between Seven Generations Education Institute and Lakehead University.**

Bachelor of Arts

University Degree Program

**Seven Generations
Education Institute**

Offered in Partnership
with Lakehead University

BACHELOR OF ARTS PROGRAM

Seven Generations Education Institute began in 1985 when ten Anishinaabeg communities in the Fort Frances area had the vision of establishing an organization to meet their educational needs. It is an innovative and dynamic growing Education Institute that covers the spectrum of various education and training needs.

A partnership is an agreement made between Seven Generations Education Institute and another Canadian post secondary institution to deliver a high quality education program at the college or university level. The partnership blends mainstream education programs with Anishinaabe content.

What Does Seven Generations Education Institute Offer Post Secondary Students?

- ◆ Ability to locally access quality education through programs
- ◆ Supportive and responsive staff to address student needs and concerns
- ◆ Access to instructors and interaction with fellow students for a full learning experience
- ◆ Content that includes the Anishinaabe worldview
- ◆ Computer lab with current software and internet applications
- ◆ Library to access resource material
