

building brighter futures

Bursaries, Scholarships, and Awards

newgold™

New Gold is an intermediate gold mining company. The Rainy River and New Afton Mines in Canada, the Mesquite Mine in the United States, and the Cerro San Pedro Mine in Mexico (which transitioned to residual leaching in 2016), provide the company with its current production base. In addition, New Gold owns 100% of the Blackwater project located in Canada. New Gold's objective is to be the leading intermediate gold producer, focused on the environment and social responsibility.

New Gold Indigenous Students Awards

New Gold is committed to establishing relationships based on mutual benefit and active participation with its host communities to contribute to healthy and sustainable communities. The New Gold Indigenous Students Awards distributes \$5,000 awards to Indigenous student(s) who are attending post-secondary institutions.

Awards Criteria:

Awards Category: Post-Secondary

Deadlines: February 1, August 1, November 1

Program of Study: Preference will be given to students:

- 1) from communities local to New Gold operations and projects;
- 2) pursuing studies in first preference – science, technology, engineering and math (STEM) program, second preference – education, health and social work;
- 3) female students

If there are not eligible recipients in a given year, awards may be given to other students in consultation with New Gold.

Level of Study: Any

Other: Up to 6 annual awards of \$5,000
