C-Pen Reader 2

This scanning pen reads text aloud from printed materials with no internet connection. Built-in dictionaries provide instant definitions of the words you scan at the touch of a button. It also has internal storage to save scanned text and audio for playback later.

Connect Desktop App

Download the Connect Desktop App for additional features.

- Connect the C-Pen Reader 2 via USB to download scanned files or audio recordings.
- Keyboard Mode: all text scanned with C-Pen Reader 2 is automatically pasted into the app
- App Mode: a self-contained app with definitions, word lists, word translation and practice options.

> Reader pens are often used to support those with reading disorders, ADHD, or processing issues. Reach out to terrif@7generations.org or kellyf@7generations.org to see if our C-Pen Reader 2 may meet your diagnosed accessibility needs.
