

Seven Generations Education Institute has secured Google's Read&Write for all staff and students.

Read&Write is designed to help everyone engage with digital content in a way that suits their individual learning styles. Users can personalize the toolbar to meet their specific needs.

Features include:

- text-to-speech to hear words, passages, or whole documents read aloud with easy-to-follow dual color highlighting
- text and picture dictionaries to see the meaning of words explained
- speech-to-text to dictate words to assist with writing, proofreading & studying
- word prediction to offer suggestions for the current or next word as you type
- collecting highlights from text in documents or the web for summarizing and research
- creating voice notes directly inside of Google Docs
- Simplifying and summarizing text on web pages to remove ads and other copy that can be distracting

Please reach out to terrif@7generations.org or kellyf@7generations.org for help installing the extension.

Terri and Kelly will also provide group or individual training for any student or staff who wishes to use Read&Write.
