

SEVEN GENERATIONS EDUCATION INSTITUTE

Livescribe Echo 2 Smartpen

The Echo II Smartpen looks like an ordinary pen, but it can help students with accessibility needs in extraordinary ways. It can capture everything it writes and everything it hears.

Feature:	Description:	Requires:
	Record audio as the presenter speaks. Stop or pause the recording at any time.	Echo 2 Smartpen
	Playback recorded audio. Stop or pause the playback at any time.	Echo 2 Smartpen
	An infrared camera records everything that is written in the Livescribe Notebook.	Echo 2 Smartpen Livescribe Notebook
	The audio recording is connected to the written notes. Listen to any part of the audio recording by tapping anywhere on your written notes. The audio will begin from that point.	Echo 2 Smartpen Livescribe Notebook
	Transfer notes to your computer. They will appear as they are written in your notebook. Use the playback feature to hear the audio and see your notes being written.	Echo 2 Smartpen Livescribe+ Desktop App
	Convert handwritten notes to text. Edit text to improve your notes.	Livescribe+ Desktop App
	Share your notes to Google Drive, Evernote or via email.	Livescribe+ Desktop App

Seven Generations Education Institute has three Echo 2 Pens and compatible Livescribe Notebooks. Contact the Accessibility Team to see if this technology may meet your diagnosed accessibility needs.
