

Strategic Plan

2025 - 2030

Mission

The Seven Generations Education Institute (SGEI) is dedicated to excellence in lifelong learning and empowerment through Language and Culture, by providing community-based and student-centered learning opportunities for everyone.

Vision

SGEI is the leader in providing sustainable, high quality education and training programs, which respect our Anishinaabe Language and Culture, support present needs, and embrace our future of life-long learning.

Strategic Priorities

Language & Culture

Leadership & Growth

Learner Support & Access

Financial Stability

Technology

Goals

- SGEI will strive to be the acknowledged centre for Language preservation and resources.
- SGEI will research and archive traditional and cultural knowledge such as language, songs, and ceremonial teachings to assist in their preservation.
- SGEI will provide a land-based learning program to benefit students and staff.
- SGEI will communicate, build relationships, and advocate with all levels of governments, including all First Nations.
- SGEI will expand its presence regionally, provincially, and nationally.
- SGEI will develop an organization wide strategy for succession planning, employee recruitment and retention.
- SGEI will work toward increasing supports for students in the areas of housing, accessibility, transportation, and childcare.
- SGEI will work to secure predictable and sustainable long-term funding agreements with both Federal and Provincial governments.
- SGEI will maintain existing partnerships and develop new partnerships to support the growth and development of programs.
- SGEI will support employee and student capacity through improved access to technology and the development of new technologies.
- SGEI will protect Information Technology infrastructure, data integrity and sovereignty.
